A LEGACY ROOTED IN NATURE AND FAMILY

1976

Ribadao was established with the sense of entrepreneurship that characterizes the Tavares family. Ribadao began with its core business of wood trading and sawmilling and grew rapidly in the wood business sector. This led to the establishment of a national network of distributors, that supported the further development of Ribamondego, Ribaliz, Ribalva, Ribacentro.

1998

Ribadao's Distribution Center in Madeira Island continued its strategy of extending the national commercial network, Ribadao established a distribution center in Madeira Island in order to satisfy the business needs of their local customers.

2003

Company certification by quality standard ISO 9001:2000 aiming for excellence, continuous improvement and the ability to exceed its customers' expectations, Ribadao embraced global quality standards designed to optimize results through an intelligent organization and find competitive advantages in an efficient manner.

2009

Ribadao embarks on a new brand strategy "Exotic Skins — Natural Wood Flooring". Ribadao created a unique collection of exotic flooring from South America and Africa. This consolidation of marketing strategy allowed for the development of high-quality product lines for sale both at a national and international level.

2010

Ribadao Lumber & Flooring LLC USA pursues its strategy of internalization and establishes its US headquarters in Miami, Florida to meet and more effectively develop the North American market.

MOUNTAIN COLLECTION

2021

Ribadao facilities open a new industrial unit in Portugal with 22,000m² equipped with the best technologies available for production of multilayer flooring.

AND TO THIS DAY, HERE WE ARE, CHANGING THE INDUSTRY ONCE AGAIN. ALWAYS INNOVATING, BECAUSE THAT'S WHO WE ARE. WE ARE RIBADAO.

Ribadao floors proudly chosen by

Our DNA

Ribadao Wood Boutique began as a family dream in 1976, founded by Rogério and Odete Tavares in the heart of Portugal. With a deep love for nature and a shared passion for craftsmanship, the Tavares family built their business the only way they knew how, by working together, with purpose and pride.

From the beginning, Ribadao was more than a manufacturer. It was a vision: to transform spaces with the elegance of natural wood while staying connected to the land that inspired it. Raised alongside the company, the founders' two sons Armando and Pedro Tavares who eventually took the reins, carrying forward the same commitment to nature, quality, and beauty that their parents instilled in them.

Over the decades, Ribadao has grown from a small family workshop in Viseu to a global boutique brand with operations across Europe, the Americas, and Africa. Our mission remains unchanged: to offer elegant, sustainably crafted wood flooring that brings the spirit of nature into every home.

Today, celebrating nearly 50 years in business, Ribadao continues to blend European design, ecological responsibility, and artisan quality, producing solid and engineered flooring from the finest woods around the world. Every board is produced and finished in Portugal to the highest European standards, designed not just to be seen, but to be lived on.

At Ribadao, we believe a floor is more than a surface. It's a foundation for memories. A connection to the natural world. A statement of style and well being. We invite you to bring a piece of our family's story, and nature's elegance, into your home.

BOTANICA

NATURALLY REFINED

Inspired by the diversity of a botanical garden, the Botanica Collection brings together distinct wood species, each with unique character, grain, texture, and natural expression. Crafted in our ABC Eternal grade, the collection celebrates authentic wood details and natural variation, creating warm, tactile surfaces where the richness of nature becomes part of the design.

ETERNAL

Character Personality: *The Sophisticated Visionary*

Eternal grade is refined yet expressive, the perfect harmony between nature's authenticity and design precision. Imagine a well-tailored suit with subtle texture; it celebrates the organic diversity of wood while keeping a balanced, elegant tone. Every plank tells its own story through gentle color variations, occasional small knots, and graceful grain movement, together forming a timeless canvas that feels both natural and luxurious.

Mood: Elegant, natural, elevated harmony

Ideal for: Designers and homeowners seeking a balance of character and sophistication.

B O T A N I C A

NATURALLY REFINED

A Legacy of Respect for Nature

At Ribadao Wood Boutique, sustainability is not a trend, it is part of who we are. From the careful selection of responsibly managed forests to the innovation of processes that minimize environmental impact, every decision we make is guided by respect for nature and future generations.

Our commitment extends beyond the materials we choose. We actively support local communities through fair trade practices and responsible partnerships that promote economic and social well-being. By reducing our carbon footprint and ensuring ethical sourcing, we create wood floors that not only elevate interiors but also honor the planet that inspires them.

At Ribadao, sustainability and beauty walk hand in hand, because true luxury is timeless, responsible, and rooted in care.

BOTANICA

NATURALLY REFINED

The Ribadao Difference

At Ribadao Wood Boutique, we don't just craft wood floors, we create connections. Rooted in a family legacy that began in 1976, our passion for wood goes beyond design; it's about preserving nature's beauty and transforming it into timeless spaces that inspire.

-

Every floor is born from a deep respect for the forest and guided by generations of craftsmanship. We manufacture our own wood, allowing us to offer true customization, control quality at every stage, and ensure each piece reflects our values of sustainability, authenticity, and elegance.

-

What truly sets us apart is the harmony we build, between nature and innovation, tradition and modern design, quality and conscience. This is how Ribadao turns wood into an experience, one that connects people, places, and purpose.
